

State of Utah NCIC Codes List

The following pages contain a list of the NCIC codes that we will be using in Utah's IBR (Incident Base Reporting) reporting.

This list of codes conforms to the standard list of NCIC codes as established by the FBI, with one exception.

- #1. Missing from the list of NCIC codes are those numbers that end with 99 (ie., 2399-Theft, Free Text). Numbers ending with 99 are not classifiable because they do not pinpoint the correct category in which to place the incident.

Please remember that all IBR codes starting with "90" (i.e., 90A, 90B, 90Z, etc.) are only to be used in "Group B Arrest" reports. Using a "90" code in a "Group A" Incident Report will result in an error.

If you have any questions please feel free to contact us.
