

NIGHTTIME SEAT BELT ENFORCEMENT SITE SELECTION

Period of Enforcement

Enforcement must be worked May 22-23 and/or May 29-30th between 9:00 p.m. to 2:00 a.m.

Patrol Method

Nighttime enforcement can be conducted using mobile patrols at the approved locations or stationary patrols utilizing a spotter and up to 3 chase cars. If traffic flow decreases, officers can change locations or method of patrol as necessary.

Site Selection

Site selection for nighttime enforcement should include adequate lighting and high traffic flow. Controlled intersection and freeway entrance/exit ramps may be used for enforcement locations. Site selection must be approved by Highway Safety prior to conducting the enforcement shifts. Provide the location where you will be conducting nighttime seat belt enforcement below:

MAY 22 – 23, 2009	
LOCATION/ADDRESS	# Officers

MAY 29 – 30, 2009	
LOCATION/ADDRESS	# Officers

Agency: _____ Contact: _____
