## Significant State Activity

**New** On 4/18/23, The State of Utah has [declared a State of Emergency](#) due to flooding. This declaration is in effect for the next 30 days.

**Update Active Areas of Flooding Concern - (Region 1)** Weber River, Ogden River, Hyrum Dam, **(Region 6)** Bear Fire burn scar, Trail Mountain burn scar, Scofield Reservoir, Clear Creek, **(Region 7)** Pack Creek, Mill Creek, Spanish Valley, Bluff, Dolores River, **(Region 2)** Emigration Creek near Salt Lake City's East Bench, Spanish Fork Canyon, between 1500 E. and 1700 E. in Salt Lake City, the Town of Alta, Big Cottonwood Creek, Little Cottonwood Creek, Loafer Canyon, and Parleys Canyon burn scar.\*

\*Areas area identified through various local and State resources and reflect a range of timeframes for concern

## Other Immediate Concerns

- Update** With the trend in the observed flow last night, the Flood Advisory for Emigration Creek was canceled. [NWS SLC]
- Active** Current flood risk is spring runoff, increasing streamflows, and snowmelt.

## Current State (SERT) Actions

- Active** 7 camera locations have been identified in coordination with USGS and will be deployed within the next week. An additional 8 cameras will be reviewed in the next week for deployment. [WebEOC]
- Active** Activated Emergency Support Functions: ESF #1, ESF #5, ESF #14, ESF #15, Logistics, VDCT, and Finance.

## Current Operational Requests

- Update** 10 active requests are in progress regarding State sandbag resources, management of State volunteers, additional SEOC staff, other flooding response resources, and for information regarding ability to assist with flooding from USACE. 1 active sandbag request has been assigned. [WebEOC]

## Region 1

- No significant updates to report at this time.

## Region 2

### Summit County

- New** On 4/18/23, ditch-flooding began occurring in Oakley City, inundating 1 home with additional homes at risk. SR-32 is also at risk as the water moves forward, potentially posing a safety hazard as it nears the bend in the road. By the evening of 4/18/23, the water began slowing and is remaining at a manageable state. The county is coordinating with UDOT to assess SR-32. [LNO Correspondence]

### Salt Lake County

- Update** The county is continuing to closely monitor the Emigration Creek cresting. [LNO Correspondence]
- Active** Millcreek [declared](#) a local emergency related to flooding, expiring on 5/13/23.
- Active** Emigration Canyon [declared](#) a local emergency related to flooding, expiring on 5/12/23.
- Active** Salt Lake County [declared](#) a local emergency related to flooding, expiring on 5/13/23.
- Active** Salt Lake City [declared](#) a local emergency relating to flooding, expiring on 5/12/23.

TLP: WHITE

Disclosure is not limited.

## Region 3

### Juab County

- **Active** Juab County [declared](#) a local emergency related to flooding, expiring on 5/17/23.

### Millard County

- **Active** Millard County has [declared](#) a local emergency for upcoming flooding, expiring on 4/27/23.

## Region 4

- No significant updates to report at this time.

## Region 5

- No significant updates to report at this time.

## Region 6/7

- No significant updates to report at this time.

## Tribal Nations

- No significant updates to report at this time.

*Impact and activity information is provided by Local Emergency Management partners, the State Emergency Response Team (SERT), and private and non-profit partners through various coordinating communication channels. This is a developing situation, and information may quickly become outdated. Additional situation reports may be made as verified information becomes available.*

# WEATHER

## WEATHER RISK OUTLOOK

Risk levels incorporate potential impacts from weather hazards and likelihood of occurrence for a reasonable worse case scenario.

	Wed 4/19	Thu 4/20	Fri 4/21	Sat 4/22	Sun 4/23	Mon 4/24	Tue 4/25
Southern Utah					Snowmelt	Snowmelt	Snowmelt
Risk Levels	Little to None		Minor	Moderate	Major	Extreme	

This forecast is accurate as of 4/19/23 at 0628

For a more detailed forecast, click [here](#).

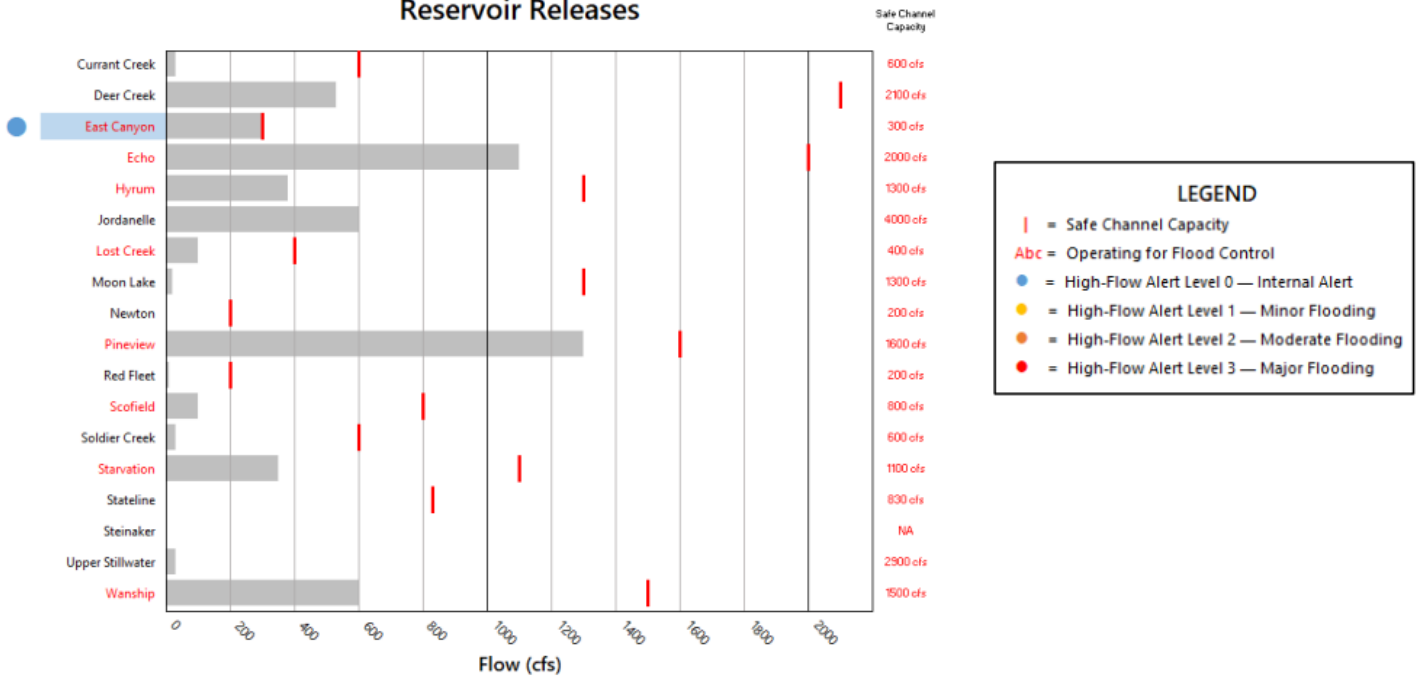

- **New** Cooler temperatures through the end of the week will lead to decreased snowmelt.
- **Update** Warming temperatures will bring another period of increased snowmelt, especially across southern Utah, for the first half of next week.
- [Flood Advisory](#) in Grand County until 18:15 tonight.

**TLP: WHITE**

Disclosure is not limited.
