

# STATE OF UTAH SITUATION REPORT

This information is from the previous 24 hours  
May 31, 2023 as of 0700

## State Lifeline Status

[CLICK HERE](#) TO SEE A CURRENT MAP FOR INCIDENTS STATEWIDE

## Significant State Activity

### Other Immediate Concerns

- **Update** A River Flood Warning remain in effect for the and the Sevier River near Hatch, though flows are steadily decreasing. A Flood Warning remains in effect for the Bear River from Woodruff Narrows northward to the Utah/Wyoming state line. [See Flood Warnings here](#) [NWS]
- **Active** Snowmelt due to warm temperatures and upstream dam releases will continue to result in increased river flows. Some reported flood-related landslides are being monitored.

**TLP: WHITE**

Disclosure is not limited.

Report #75

## Current State (SERT) Actions

- **Active** Activated Emergency Support Functions: ESF #1, ESF #3, ESF #5, ESF #7, ESF #11, ESF #13, ESF #14, ESF #15, ESF #16, Logistics, VDCT, Volunteer Agency Liaison (VAL), Finance, and Air Operations.

## Current Operational Requests

- **Active** 10 active requests are in progress regarding various flood response and mitigation resources. 74 requests have been completed. *[WebEOC]*

## Region 1

### Cache County

- **Active** Logan City has issued an [Executive Order](#) that limits recreation on the Logan River until 6/24/23 or the Mayor terminates the order. *[LNO Correspondence]*
- **Active** Logan Ranger District High Creek Road is closed from Forest boundary to High Creek Trailhead to any type of motorized vehicle. The road was scheduled to open on 5/15, but the road will remain closed due to wet, muddy, and flooding conditions. *[Uinta-Wasatch-Cache USDA Forest Service]*

### Weber County

- **Active** The Bureau of Reclamation is actively monitoring the Causey Reservoir; overflow into the spillway began during the morning of 5/4/23 and is ongoing. *[Bureau of Reclamation, LNO Correspondence]*

## Region 2

### Salt Lake County

- **Active** SR-190 and SR-210 are being monitored and assessed daily to determine if/when road closures are needed for land/mudslides, avalanches, or other hazards. Closures are possible at any time. *[UDOT Cottonwood Canyons]*

### Summit County

- **Update/Final** As of 5/29/23, the boil order in Kamas City was lifted. It was determined it was not caused by runoff or flooding. *[DEQ Correspondence]*
- **Active** The culverts near Old Ranch Road are at maximum capacity. The County's sandbagging efforts are holding. *[LNO Correspondence]*

### Utah County

- **New** Utah County declares [State of Local Disaster](#) for flooding and damages. Active until June 29, 2023.
- **Active** On SR-92 near Sundance, water is creating a new path along the shoulder and is beginning to undercut the roadway in the right lane. UHP and UDOT have coordinated to address the concern. *[UHP Correspondence]*
- **Active** A section of Nebo Loop Scenic Road in Payson Canyon has been washed out and will be closed until further notice. The County has been assessing and tracking the damages. Additional washouts and road closures have occurred at Right Fork Hobbie Creek and Monks Hollow, and Pole Canyon. *[LNO Correspondence, Uintah-Wasatch-Cache USDA Forest Service]*
- **Active** A sinkhole is forming at the American Fork Boat Harbor. The road has been closed and local emergency management, local public works, and UDOT have been on scene to address the concern. *[LNO Correspondence]*
- **Active** A sinkhole was reported in American Fork at The Fox Hollow Golf Club. The sinkhole has not been stabilized and, the County is continuing to monitor. *[LNO Correspondence]*
- **Active** As of 4/6/23, there has been a [public notice](#) to boil water in Vivian Park due to storage tank damage caused by an avalanche on 3/23/23. *[DEQ Correspondence]*

### Wasatch County

- **Update** The county continues to work with UDOT to move water across Tate Lane. *[LNO Correspondence]*
- **Active** The Rockcliff area at Jordanelle State Park is closed due to flooding. It is a day-use area, not a campground. *[DNR Parks & Recreation]*
- **Active** Daniels Creek is still overflowing outside its banks by Charleston and SR-113. UDOT finished placing sandbags next to the road on 5/18/23. *[LNO Correspondence]*

## Region 3

### Piute County

- **Update** Otter Creek Reservoir is 90% full and has not started releasing water yet. *[LNO Correspondence]*
- **Update** Piute Reservoir has begun to decrease the amount of water released. *[LNO Correspondence]*
- **Active** Sevier County is still in the process of renting equipment that they can use to remove several sandbars in the river channel. They are cleaning out the sand bars and started this process last week. This will help increase the holding and flow capacity of the river. There is also a good chance businesses will be affected in Marysvale Canyon as the river flows out of Piute County. *[LNO Correspondence]*

### Sevier County

- **Update** The east fork of the Sevier River has dropped approximately 2 ft. The south fork of the Sevier River is still running high, but it has dropped approximately 1 ft. *[LNO Correspondence]*

## Region 4

- No significant updates to report at this time.

## Region 5

### Uintah County

- **Active** The Ouray Wildlife Refuge is experiencing flooding in the wetlands, but infrastructure is not threatened at this time. No resources have been requested. [LNO Correspondence]
- **Update/Final** Big Brush Creek/Ashley Creek has decreased to normal run off. [LNO Correspondence]

## Region 6/7

### Grand & Emery County

- **Active** At the Tusher Dam on the Green River, erosion has caused the rip-rap to begin to crumble along the south side of the gate structure and needs to be repaired to prevent continued erosion. UDAF is working to have it repaired. [UDAF Correspondence]

## Tribal Nations

- No significant updates to report at this time.

Impact and activity information is provided by Local Emergency Management partners, the State Emergency Response Team (SERT), and private and non-profit partners through various coordinating communication channels. *This is a developing situation, and information may quickly become outdated. Additional situation reports may be made as verified information becomes available.*
