

STATE OF UTAH SITUATION REPORT

This information is from the previous 24 hours
June 1, 2023 as of 0700

State Lifeline Status

[CLICK HERE](#) TO SEE A CURRENT MAP FOR INCIDENTS STATEWIDE

Significant State Activity

Other Immediate Concerns

- **Update** A Flood Warning remains in effect for the Logan River near Logan and the Sevier River near Hatch, and for the Bear River from Woodruff Narrows northward to the Utah/Wyoming state line. [See Flood Warnings here](#) [NWS]
- **Active** Snowmelt due to warm temperatures and upstream dam releases will continue to result in increased river flows. Some reported flood-related landslides are being monitored.

Report #76

Current State (SERT) Actions

- **New** Salt Lake County Planning and Transportation has reached out to UTA to place a roll-off dumpster at the Park and Ride at 9400 S. 2000 E. in Sandy until June 30, 2023, for citizen sandbag disposal. [UTA]
- **Update** Update on state employee volunteer hours served related to [executive order 2023-03](#): As of May 18, employees logged approximately 161 hours of flood relief time (pay periods 6-9). [DHRM]
- **Active** Activated Emergency Support Functions: ESF #1, ESF #3, ESF #5, ESF #7, ESF #11, ESF #13, ESF #14, ESF #15, ESF #16, Logistics, VDCT, Volunteer Agency Liaison (VAL), Finance, and Air Operations.

Current Operational Requests

- **Update** 8 active requests are in progress regarding various flood response and mitigation resources. 76 requests have been completed. [WebEOC]

Region 1

Cache County

- **Active** Logan City has issued an [Executive Order](#) that limits recreation on the Logan River until 6/24/23 or the Mayor terminates the order. [LNO Correspondence]
- **Active** Logan Ranger District High Creek Road is closed from Forest boundary to High Creek Trailhead to any type of motorized vehicle. The road was scheduled to open on 5/15, but the road will remain closed due to wet, muddy, and flooding conditions. [Uinta-Wasatch-Cache USDA Forest Service]

Weber County

- **Update** The EAP High Flow Alert Level 1 – Minor Flooding activation at Causey has been terminated. Flows will continue over the spillway at Causey, but will remain significantly below the safe channel capacity of 1,000 cfs and are no longer contributing to downstream flooding. [Bureau of Reclamation, LNO Correspondence]

Region 2

Salt Lake County

- **Active** SR-190 and SR-210 are being monitored and assessed daily to determine if/when road closures are needed for land/mudslides, avalanches, or other hazards. Closures are possible at any time. [UDOT Cottonwood Canyons]

Summit County

- **Active** The culverts near Old Ranch Road are at maximum capacity. The County's sandbagging efforts are holding. [LNO Correspondence]

Utah County

- **Active** On SR-92 near Sundance, water is creating a new path along the shoulder and is beginning to undercut the roadway in the right lane. UHP and UDOT have coordinated to address the concern. [UHP Correspondence]
- **Active** A section of Nebo Loop Scenic Road in Payson Canyon has been washed out and will be closed until further notice. The County has been assessing and tracking the damages. Additional washouts and road closures have occurred at Right Fork Hobble Creek and Monks Hollow, and Pole Canyon. [LNO Correspondence, Uintah-Wasatch-Cache USDA Forest Service]
- **Active** A sinkhole is forming at the American Fork Boat Harbor. The road has been closed and local emergency management, local public works, and UDOT have been on scene to address the concern. [LNO Correspondence]
- **Active** A sinkhole was reported in American Fork at The Fox Hollow Golf Club. The sinkhole has not been stabilized and, the County is continuing to monitor. [LNO Correspondence]
- **Active** As of 4/6/23, there has been a [public notice](#) to boil water in Vivian Park due to storage tank damage caused by an avalanche on 3/23/23. [DEQ Correspondence]

Wasatch County

- **Active** The Rockcliff area at Jordanelle State Park is closed due to flooding. It is a day-use area, not a campground. [DNR Parks & Recreation]
- **Active** Daniels Creek is still overflowing outside its banks by Charleston and SR-113. UDOT finished placing sandbags next to the road on 5/18/23. [LNO Correspondence]

Region 3

Piute County

- **Active** Sevier County is still in the process of renting equipment that they can use to remove several sandbars in the river channel. They are cleaning out the sand bars and started this process last week. This will help increase the holding and flow capacity of the river. There is also a good chance businesses will be affected in Marysvale Canyon as the river flows out of Piute County. [LNO Correspondence]

Region 4

Washington County

- **New** New wildfire start 5/31/23 in the southwestern corner of Zion National Park named Crater Hill Fire, estimated at 136 acres. Ground crews and air resources are responding to the fire and the projected incident activity is continued work by firefighters in the area of Coalpits Wash near Crater Hill. [UT Wildfire Dashboard, InciWeb Zion National Park.]

Region 5

Duchesne County

- **New** The County is coordinating with the Ute Tribe and State Engineers on mitigation efforts on the Yellowstone River, placing riprap, and getting the Preliminary Permits in case they need to proceed. Things are holding currently with the flows coming down. [LNO Correspondence]

Uintah County

- **Update** Water on the Green River and Ashely creek have gone below action stage.
- **Active** The Ouray Wildlife Refuge is experiencing flooding in the wetlands, but infrastructure is not threatened at this time. No resources have been requested. [LNO Correspondence]

Region 6/7

- No significant updates to report at this time.

Tribal Nations

- No significant updates to report at this time.

Impact and activity information is provided by Local Emergency Management partners, the State Emergency Response Team (SERT), and private and non-profit partners through various coordinating communication channels. *This is a developing situation, and information may quickly become outdated. Additional situation reports may be made as verified information becomes available.*
