

STATE OF UTAH SITUATION REPORT

This information is from the previous 24 hours
June 7, 2023 as of 0700

State Lifeline Status

[CLICK HERE](#) TO SEE A CURRENT MAP FOR INCIDENTS STATEWIDE

Significant State Activity

Immediate Concerns

- **Active** A Flood Warning remains in effect for the Bear River from Woodruff Narrows northward to the Utah/Wyoming state line. [See Flood Warnings here](#) [NWS SLC]
- **Active** Snowmelt due to warm temperatures and upstream dam releases will continue to result in increased river flows. Some reported flood-related landslides are being monitored.

TLP: WHITE

Disclosure is not limited.

Report #82

Current State (SERT) Actions

- **Active** Activated Emergency Support Functions: ESF #1, ESF #3, ESF #5, ESF #7, ESF #11, ESF #13, ESF #14, ESF #15, ESF #16, Logistics, VDCT, Volunteer Agency Liaison (VAL), Finance, and Air Operations.

Current Operational Requests

- **Active** 11 active requests are in progress regarding various flood response and mitigation resources. 79 requests have been closed. [WebEOC]

Region 1

Cache County

- **Active** Logan City has issued an [Executive Order](#) that limits recreation on the Logan River until 6/24/23 or the Mayor terminates the order. [LNO Correspondence]

Region 2

Salt Lake County

- **Active** SR-190 and SR-210 are being monitored and assessed daily to determine if/when road closures are needed for land/mudslides, avalanches, or other hazards. Closures are possible at any time. [UDOT Cottonwood Canyons]

Summit County

- **Active** The culverts near Old Ranch Road are at maximum capacity. The County's sandbagging efforts are holding. [LNO Correspondence]

Utah County

- **Active** A section of Nebo Loop Scenic Road in Payson Canyon has been washed out and will be closed until further notice. The County has been assessing and tracking the damages. Spanish Fork Ranger District Nebo Loop Scenic Byway is closed to all pedestrian, equestrian, bicycle, and all motorized vehicles from Maple Lake gate to Blackhawk Campground gate. Closure is in place for public safety due to road damage and while crews are repairing the road. [LNO Correspondence, Uintah-Wasatch-Cache USDA Forest Service]
- **Update/Final** Damages are ongoing with the sinkhole forming at American Fork Boat Harbor. American Fork City is working in conjunction with Utah County Emergency Management to address the concern. [LNO Correspondence]
- **Active** As of 4/6/23, there has been a [public notice](#) to boil water in Vivian Park due to storage tank damage caused by an avalanche on 3/23/23. [DEQ Correspondence]

Region 3

- No significant updates to report at this time.

Region 4

- No significant updates to report at this time.

Region 5

Duchesne County

- **Active** Duchesne River is near flood stage. [LNO Correspondence, Great Basin River Forecast]

Uintah County

- **Active** A brief uptick in the Green River near Jensen will be possible later in the week due to reservoir releases. [NWS Grand Junction]
- **Active** Ashley Creek is running at full capacity. [LNO Correspondence]

Region 6/7

- No significant updates to report at this time.

Tribal Nations

- No significant updates to report at this time.

Impact and activity information is provided by Local Emergency Management partners, the State Emergency Response Team (SERT), and private and non-profit partners through various coordinating communication channels. This is a developing situation, and information may quickly become outdated. Additional situation reports may be made as verified information becomes available.

Report #82

WEATHER

This forecast is accurate as of 6/7/23 at 0700. For a more detailed forecast, click [here](#).

- A [Flood Advisory](#) is in effect in the following areas:
 - *Sevier River near Hatch* - Though flows continue to decrease, minor flooding remains possible.
- Showers and thunderstorms will develop over portions of southwest Wyoming and northern Utah today, with a chance of strong gusty winds with any storms that develop.

WEATHER RISK OUTLOOK

Risk levels incorporate potential impacts from weather hazards and likelihood of occurrence for a reasonable worst case scenario.
